Did you know that it had been said that "the attire of some men would seem to indicate that their clothes couldn't tell the difference between a fit and a convulsion"? There are some interesting facts brought out in A. A. Smith & Brothers' adv. on page 6 of this paper. You might do worse than read them.

It is amusing to hear the different opinions of people viewing the box in front of the opera house, and the many theories advanced as to the method employed by Kenneth to escape from the same. Some say he does not enter the box, while others say there are two boxes used. Come to the opera house Saturday night and see for yourself.

THE BEST SUITS IN AMERICA FOR \$15.00.

We are willing to be judged by our \$15.00 Suits. In the first place they are equal to the usual \$18.00 and \$20.00 Suits sold elsewhere. That's a saving to begin with. Then they are "Rosman Clothes" and that speaks volumes for their style, materials and workmanship. That's the whole thing in a nutshell. But another point is that there are hundreds of good dressers in town who think they are the best ever; and we want a lot more to try them who think that \$15.00 ought to buy a rattling good Suit. Better try one. A new lot of patterns just in from the "Rosman" workshop. Call and see them. There are some elegant brown styles among them.
